Prome Minister Evelyn Wever

Croes para duro y fuerte

Mike Eman a tene welga di hamber pa esaki

Na 2014 despues cu Gobernador Fredis Refunjol riba instruccion di Consejo di Ministernan di Reino, awe conoci como RMR, a keda sin firma presupuesto di pais Aruba, a dicidi di drenta un welga di hamber acusando Hulanda entre otro di secuestro, violacion y humiyacion caminda Hulanda ta solamente mira e aspecto financiero di su parti.

Un publicacion den e corant Trouw na Hulanda a publica un declaracion di Prome Minister di Aruba di e tempo ey, Mike Eman, a haci cu Tele-Aruba bisando entre otro cu Hulanda no ta respetando autonomia di Aruba den Reino Hulandes.

Fuera di e declaracion aki, Trouw a capta tambe declaracion di otro declaracion di Eman na medionan di comunicacion na Aruba mustrand lo siguiente:

“Aruba wordt gegijzeld, verkracht en vernederd door Nederland, dat nu alleen zijn koopmansgezicht laat zien en niet het gezicht van de Dominee. Met een koopman kunnen wij niet samen een Koninkrijk bouwen, daar gaat het alleen om geld. Aruba wil samenwerking, geen geld.”

Ora cu analisa declaracionnan di Prome Minister Evelyn Wever Croes ultimo simannan, e ta para dilanti di mesun reto aki, c’un gobierno Hulandes c’un biaha mas kier viola derechonan di e pais aki, pa impone un supervision cu na e momentonan aki no ta necesario.

Parlamento di Aruba a fiha un posicion cu cual Minister President Evelyn Wever Croes tin cu tene su mes na dje y aki no ta cuestion cu gobierno di MEP-RAIZ a cera cabes hunto pa no sostene introduccion di e ley di RAft pero aki partido AVP a bolbe “confirma” un posicion contra Hulanda cu ya e tabatin caba for di 2014.

HULANDES

Den e lenguahe Hulandes for di tempo di scolnan di Frère, studiantenan a ser instrui cu por papia entre otro di: “verlendentijd” cu ta algo di pasado, “tegenwoordigtijd” cu ta algo cu ta pasando actualmente pero tambe tin e “onvoltooid tegenwoordige toekomstige tijd” cu ta referi na COSNAN CU LO POR PASA DEN FUTURO!

E ultimo aki ta e lenguahe cu tanto ex Secretario di Estado Raymond Knops y e actual Secretario di Estado encarga cu

asuntunan di Reino, Alexandra van Huffelen, tambe a ripiti na varios ocasion pa hustifica presencia di CAft den financia di Aruba.

Despues di e welga di hamber di Mike Eman na 2014, ex Minister Stef Blok na luna di Februari di 2016, a señala lo siguiente: *“Het college van Toezicht heeft kanttekeningen geplaatst bij de begroting. Maar de regering van Aruba MOET ZELF met maatregelen komen om het gat te dichten.”*

Ta mesun situacion tin na e momentonan cu cual Prome Minister Wever Croes y su gobierno ta wordo confronta cune caminda Hulanda kier en realidad no kier supervision pero e kier “control” riba henter e maneho financiero di gobierno di Aruba.

AWEMainta aki tin cu mostra un publicacion cu a Sali na mesun luna di Februari di 2016 duna pa NOS cu ta bisa bon cla:

“Afgelopen najaar tikte di Raad van State Nederland op de vingers over de handelwijze rondom di begroting (red. Di Aruba). Nederland weigerde in de zomer van 2014 de begroting van Aruba goed te keuren. Premier Mike Eman ging daarop in hongerstaking, en hield dat een week vol.

De Rijksministerraad had op voorstel van minister Plasterk de Arubaanse gouverneur Fredis Refunjol de opdracht te geven de landsbegroting van Aruba niet te ondertekenen.

Dat had volgens de Raad van State niet op die manier mogen gebeuren.”

Awe ta mesun situacion tin caminda Hulanda a “yuda” pais Aruba un asina yama ‘coronalenging’ durante di e pandemia y awor a yega e momento cu mester paga bek pero pa e prestamo aki, ta existi awor pa gobierno Hulandes hiba un control riba financia di e isla pa tempo indefini y caminda practicamente ta elimina como 50% di trabou di Parlamentarionan aki na Aruba.

P’esey e mensahe na Prome Minister Evelyn Wever Croes, para duro y fuerte den e confrontacion aki cu ta otro abuso di poder di e pais mas grandi. Aruba semper a cumpli cu su debenan y lo sigui cumpli cu su debenan pero un biaha mas Hulanda ta mustrand loke lider di AVP, Mike Eman a yama “koopmansgezicht.”

Gabinete Wever Croes II por dicidi di 'vries' accijns riba gasolin

Mientras cu prijs di gasolin y diesel a bolbe aumenta siman pasa den un forma impactante, por spera cu den e lunanan dilanti, por spera ainda mas aumento di prijs di gasolin aki na Aruba.

Sigur pa e hecho cu entre otro e prijs di bari di petroleo riba mercado mundial ta superando \$90 pa bari, caminda tin tur indicacion cu esaki pa fin di aña lo bolbe supera e barera di \$100 pa bari y tur consecuencia cu esaki lo tin pa economia di varios pais y tambe aki na Aruba.

E situacion na Aruba ya caba ta hopi dificil caminda e inflacion no ta mustando di ta calmado ya cu e problema ta keda cu gobierno mes ta pusha inflacion ainda mas halto, cu impuestonan nobo manera e 7% di BBO na frontera caminda ainda tin claridad kico e impuesto aki ta, kico gobierno kier logra di esaki mientras cu e consumo ta wordo sorprende tur dia cu amentonan riba articulonan di prome necesidad.

AWEMainta ya caba a yega di publica cu e instancia cu mas ta Sali beneficia di aumento di prijs di gasolin cu diesel, ta gobierno mes ya cu nan ta sigui cobra accijns riba combustibel y tur momento cu tin aumento den prijsnan, gobierno ta saca probecho di esaki pero nunca ta divulga e aumento di entrada aki na pueblo.

E siman aki na Hulanda, dos fraccion den Tweede Kamer, esta VVD y PVV a informa cu nan kier pa "draai" bek accijns halto cu tin riba gasolin y diesel pa asina esaki bira pagabel pa pueblo.

Un mayoria den Parlamento na Hulanda ta na favor y kier pa gobierno "vries" accijns cu ta wordo cobra riba gasolin

cu diesel y laga esakinan asina pa un periodo largo y cu e medida aki lo evita cu entrante prome di Januari di 2024, hendenan tin cu paga ainda mas placa pa gasolin cu diesel.

Sinembargo tin un situacion na Hulanda caminda gobierno no tin placa pa cubri aumento di prijs di gasolin pa comunidad y a mostra caba cu no por conta riba gobierno ya cu no tin fondo riba presupuesto pa cubri e gasto aki.

Fraccion di VVD a mostra di no kier sinta man crusa sin haci algo, ya cu e situacion y kier pa gobierno bay over na alivia e situacion dor di vries e cobranza di accijns riba gasolin, loke ta un bon idea cu Gabinete Wever Croes II tambe por haci aki na Aruba.

Segun presupuesto 2024 gobierno

Hulandes a propone un aumento di accijns pa inicio di aña nobo y esaki sigur e dos fraccionnan menciona, kier pa suspende su ehecucion por lo pronto, sin avisa e tempo cu nan kier pa e aumento aki no tuma luga.

E dos gobiernonan di MEP for di 2017 a bin cu promesanan concreto cu nan lo bay percura pa importa gasolin barata pero ta algo cu no a ser logra ni tempo cu Minister di Energia, Glenbert Croes tabatin bon contacto cu autoridadnan Venezolano mientras cu awor ta muestra cu e contacto ey ya no ta existi.

Minister Croes a biaha den ultimo 6 aña pa cantidad di pais, cuminsando cu Venezuela, a bishita Ecuador tambe pa haya gasolin mas barata pero ta muestra cu den e region aki no tabatin contacto pa trata di haya gasolin mas barata pa alivia e situacion di hopi hende.

Minister Glenbert Croes:

Gobierno ta keda determina pa baha awa y coriente

Durante un conferencia di prensa di Gobierno, Minister di Energia Glenbert Croes, a wordo cuestiona riba loke ta e ganashi pa 2024, di 15 miyon florin, presupuesta pa Utilities Aruba NV. Minister Croes a clarifica cu na momento cu e companianan estatal, WEB, ELMAR Y Utilities

traha nan presupuesto, nan ta traha esaki a base di nan inversionnan, costo di operacion, maneho di Gobierno pa reduci awa y coriente, y pa e parti cu ta toca Gobierno como accionista final. E suma aki, tambe ta pa cubri tur compromiso financiero cu Gobierno tin. E no ta un secreto cu e nivel di debe di Aruba ta hopi halto, y esaki no ta solamente debi na e pandemia, sino tambe na e debe grandi cu Gabinete Mike Eman a laga atras pa nos pueblo, cu ta compromisonan financiero cu Aruba y Gabinete Wever Croes a hereda y mester cumpli cu ne.

Minister Croes tambe a indica, cu Gobierno ta haciendo nan maximo esfuerso, por medio di diferente proyectonan energetico, pa asina yuda baha e gastonan pa e companianan estatal. E proyecto di Eagle LNG, programa di hedging, e negociacionnan cu por ehempel Petroecuador, e tender cu actualmente ta tumando luga ta pa yuda baha e gastonan involvi na momento di cumpra heavy fuel oil, generando mas entrada pa WEB, cu e resultado di por baha e prijs di awa y coriente.

"Finalmente, e ta Gobierno su compromiso pa haci tur locual ta na su alcance pa baha costo di bida y esey nos ta bin ta haciendo. E no ta un proceso facil, pero nos ta keda comprometi cu nos pueblo. Mirando tur e esfuersonan cu Gobierno ta bin ta haciendo, pronto nos lo logra. Mi kier a pidi pueblo di Aruba y specialmente esnan cu ta apreciativo di e trabounan duro cu Gobierno ta bin ta haciendo, pa no laga e comentarionan negativo y destructivo, afecta boso pensamiento. Cambia tur e negativismo den positivismo, mustrandu tur esnan skeptico, cu na final di dia, tur e esfuersonan di e Gobierno actual, lo trece resultado positivo pa cada ciudadano di pais Aruba. Nos compromiso ta y lo keda semper e progreso y bienestar di nos pueblo." Minister Croes a expresa.

'Limpi Limpi' di Minister Ursell Arends ta ilustra problema di pueblo

Pa di dos ocasion den aña 2023, Minister Ursell Arends ta accentua cu e vision cu tin como Minister pa loke ta naturalesa y maneho di desperdicio, no ta cuadra cu loke e mes a spera.

Algun siman atras e mandatario a dicidi di inicia cu e campaña di "Limpi Limpi" cual coincidi na mes momento cu partido AVP pa algun siman tabatin propaganda cu e lo bay haci e barrio di Dakota limpi cu boluntarionan.

E prome actividad di e campaña di Minister Arends, a tuma luga dia 2 di September na San Nicolas pareu cu e actividad di AVP na Dakota y algun dia despues a anuncia cu e campaña Limpi Limpi lo sigui te cu dia 16 di December caminda lo pone e bakinan di sushi grandi aki, pa asina pueblo por bin tira su sushi di cas, pues e accion aki lo tin 11 edicion y lo termina dia 16 di December.

Den fin di siman tras di lomba, e bakinan a wordo poni na Sta Cruz y e felicidad di Minister Arends tabata grandi ora cu el a menciona cu alrededor di 500 auto, a bin tira nan sushi di cas uzando e bakinan aki, cual bakinan no tabata di Serlimar.

Na momento cu realisa e cantidad di auto cu a bin na haci uzo di e oportunidad aki, sin duda cu e ta musta e situacion di crisis cu tin den comunidad pa loke ta procesamiento

di sushi cu ta bolbe confirma cu e maneho di gobierno pa cu e asunto di procesamiento di sushi di cas, simplemente not a funcionando.

For di 31 di December di 2022, Minister Ursell Arends a dicidi di cera e dump na Parkietenbos pa semper, loke el a sigura cu e lo a haci pero for di momento cu esaki a tuma luga, e problema pa procesamiento di sushi di cas a crece bira un monster.

Den casi tur barrio rond di e isla, por mira acumulacion formal di sushi di cas mientras cu tin algun comerciante sinberguensa cu tambe ta deposita desperdicio di nan negoshi den mondi of cualkier otro caminda.

Ceramento di dump a alivia e situacion fastioso na Parkietenbos pero bou di ningun circunstancia, a logra di elimina e problema di procesamiento di sushi di cas, al contrario e situacion ta riba caminda pa bira un desaster formal mirando cuanto hende no kier bay hiba sushi na e luganan indica pa gobierno.

Ta bin acerca cu e companianan cu a wordo acerca pa atende cu e asunto di desperdicio di cas, ta cobrando sumanan di placa cu antes e ciudadano no mester a paga pero awor ta haya su mes ta obliga na paga e suma aki.

Esaki a sosode den e prome lunanan di e aña aki pero por bisa cu ultimo cuater luna di e aña aki, e asunto di sushi den mondi, sushi riba caminda publico, a cuminsa bira algo popular ya cu hopi ciudadano, loke ta di lamenta, simplemente no kier separa e sushi di cas mientras cu pa hopi e distancia di nan cas pa e centronan cu ta colecciona sushi di cas, ta demasiado aleha for di otro.

Na e momentonan aki, gobierno y Minister Arends tin cu cubri gastonan di e containernan cu ta ser uza, of sea e bakinan di sushi cu bou circunstancia normal, algun di esakinan ta costa te hasta mil florin pa baki pero asumiendo cu tin compania cu ta cooperando cu e minister y su gobierno, tog ta keda un gasto pa cubri y ainda Minister of gobierno no a informa for di cual begroting e gasto aki ta Sali pa paga e companianan priva cu ta den e campaña di Limpi Limpi aki.

Pues e cantidad di auto cu a acudi pa deposita sushi den e bakinan cu Minister Arends a pone disponibel, tambe ta musta na mes momento cu e maneho di e mandatario no ta surtiendo efecto pa comunidad.

Prome Minister Evelyn Wever-Croes:

Aruba a presta placa di Hulanda pa sobrevivi e pandemia

Prome Minister Evelyn Wever-Croes den conferencia di prensa di Gobierno di Aruba dialuna mainta, a duna un splicacion Amplio riba Raft y negociacion cu Hulanda. Prome Minister a enfatisa cu pa comprende e tema aki miho, ta importante pa bay bek na aña 2020 tempo cu e pandemia a bati na nos porta y Hulanda tawata e unico na unda Aruba por a acudi pa presta placa.

PERDIDA DI ENTRADA Y GASTONAN EXTRA

Na e momento ey, e perdida di entrada tawata 834 miyon florin. Aparte di e perdida di entrada considerabel aki den e añanan 2020, 2021 y 2022, a bin gastonan acerca hopi grandi cu normalmente Gobierno no ta carga, entre otro Proyecto di FASE di 79 miyon florin; Proyecto pa sosten financiero pa prestamo mediano y chikito (MKB) di 44 miyon florin; subsidio di salario di 415 miyon florin; y a inverti 177 miyon florin extra pa mantene fondo di AZV y SVb solido. Pa logra tur esaki, Gobierno di Aruba mester a presta 916 miyon florin di Hulanda.

SUBSIDIO

Prome Minister a remarca cu mescos cu paisnan entre otro Spaña y Grecia, na maart di aña 2020 cu Covid a bati na nos porta, Aruba a pidi Hulanda pa yuda nos cu un subsidio, un placa cu no mester paga bek. Pero no cu fianza. E decision inmediato di Hulanda tawata cu lo no duna subsidio of 'schenking' sino un fianza.

Den un articulo di e ex Secretario di Estado di e tempo ey, Raymond Knops, cu a wordo publica na mei 2020, den su declaracion el a compromete cu si e paisnan den Reino muestra suficiente recuperacion, Hulanda lo por duna dispensacion. Esaki ta un declaracion cu el a duna dia 21 mei 2020 den Parlamento Hulandes. Señor Knops a acopla un dispensacion na reformanan of condicionnan.

ARUBA A BAY DI ACUERDO CONDICIONNAN

Na November di aña 2020, Aruba a bay di acuerdo cu 3 condicion pa haya placa. E prome condicion tawata ta cu Aruba mester a acepta un 'onderlinge regeling', un acuerdo mutuo na unda lo defini cua reformanan ta importante, e Landspakket. E di dos condicion tawata cu lo introduci un ley di Reino pa reforma, CHE cu a bira COHO y despues a bira OR Onderlinge Regering. E di tres condicion ta e ley di Reino pa supervision financiero, RAft. Mientras cu Corsou y Sint Maarten solamente mester a cumpli cu e prome dos condicionnan, Aruba a haya tres condicion, cu RAft acerca. "Nos a bay di acuerdo cu e tres condicionnan aki pa necesidad, pasobra no tawata tin otro forma", Prome Minister a enfatisa.

Na e momento ey, Prome Minister a remarca, tawata tin 40 mil ciudadano adulto di nos pais tawata depende di placa cu Gobierno mester a duna nan sea ta pa FASE, loonsubsidie, y na otro sosten cu Gobierno a brinda den e tempo ey. Un den cada dos adulto tawata depende di Gobierno, motibo pa cua Gobierno a bay tambe di acuerdo cu e tres condicionnan aki. "Gobierno, e tempo ey a haya hopi presion di comunidad pa firma pa caba, y esaki ta loke cu Gobierno a haci tambe y a haya placa pa sobrevivi", Prome Minister a expresa.

Quota International Aruba conscientisando pueblo riba oido pa 34 aña

Dialuna tardi Minister di Turismo y Salud Publico sr. Dangui Oduber tabata presente na e apertura di e siman importante, “Siman di Conscientisacion di Oido” organisa pa Quota International of Aruba. Aki e mandatario a hiba un discurso y despues tabata tin e oportunidad pa haci un test di su oido.

Quota pa e ultimo 34 añanan a bin ta haciendo testnan di oido durante luna di september completamente gratis. Quota a cuminsa 34 aña pasa na mesun luga di Fepoh. E aña aki e dicho a wordo cambia pa “Siman di Conscientisacion di Oido”. Nos tabata conoce esaki antes como siman di kibra silencio.

Na Aruba e cantidad di hendenan bou di 65 aña cu tin problema di oido ta alarmante. P’esey e parti di conscientisacion ta hopi importante. Esaki ta cuadra tambe cu e maneho di Ministerio di Salud Publico cu ta basa riba prevencion. Pa es motibo Quota International of Aruba hunto cu FEPOH ta purba na conscientisa e comunidad mas hopi cu ta posibel pa cuida di nan oido na scolnan y tambe otro instancianan.

FEPOH ta un instancia cu no solamente ta yuda na conscientisa pero tambe ta yuda na mehora e comunicacion di un persona cu oido malo.

Esaki ta danki na e logopedistanan y tambe na e aparatonan di oido cu nan ta busca.

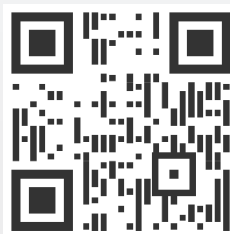

Quota semper a y lo sigui duna e comunidad di Aruba informacion tocante e causanan di perdida di oido, medidanan di prevencion y e importancia di detecta trempan door di bay controla oido regular. Segun e mandatario ta importante pa nos ta consciente cu una bes bo perde bo oido, bo no por recupera esaki bek.

Finalmente e mandatario a gradici Quota International of Aruba y tambe FEPOH pa tur locual nan ta haci pa conscientisa nos pueblo riba e cuida di nos oido. Prevencion ta e solucion.

Minister Arends ta promove participacion di Adulto Mayor:

Eliminando discriminacion a base di edad den entidadnan gubernamental

Discriminacion a base di edad, of edadismo, ta un problema presente den nos comunidad, sigur den area di empleo, cu tin efecto negativo riba e grado di participacion activo di cierto gruponan. Por ehempel, den statuutnan di diferente entidad gubernamental a ser observa clausulanan preocupante tocante e edad di miembro di directivanan. Den algun caso ta menciona edad como motibo di exclusion obligatorio den e rekisitonan pa wordo nombra como miembro di un consejo. Por ehempel, Serlimar S.G. no por tin miembro mayor cu 65 aña y na ANSA N.V., un comisario cu ta yega 70 aña mester tuma retiro.

Den e cuadro di e vision pa stimula participacion di Adulto Mayor den nos comunidad, Minister Arends a solicita consehonan di tur instancia cu ta resorta bou di su carteranan pa identifica y elimina tur forma di edadismo di nan organisacion rapidamente.

Discriminacion a base di edad ta innecesariamente ofensivo pa esnan afecta y tambe por perhudica e maneho di un organisacion. Edad ta aporta experiencia, conocimiento y confianza. Calidadnan cu mas bien mester wordo exige di miembronan di un directiva. E exclusion arbitrario di candidatonan a base di edad, ademas di ta ofensivo, por causa un 'fuga di talento'. Sector publico lo beneficia di elimina tur clase di edadismo, ora ta trata adulto mayor, di cada instancia.

Minister Arends a propone na consejo di ministro pa adopta e principio di no permiti uzo di edad como criterio pa contrata, nombra of despedi miembronan di directivanan. Nombracion y retiro den directivanan mester ta a base di cumplimento cu 'Good Corporate Governance'. Esaki ta un vision cu lo purba di realisa pa mita di otro aña 2024. Pues tur forma di edadismo lo mester wordo elimina di statuutnan di entidadnan gubernamental pa e tempo aki.

Adoptando e principio aki lo duna sector priva un señal pa sigui gobierno su ehempel y asina efectivamente combati e tipo di discriminacion aki riba nos isla.

Minister Arends ta remarca cu 'nos comunidad di e tercera edad, cu a construi e pais aki, ainda tin hopi pa brinda nos' y cu 'e bon integracion di adultonan mayor den nos sociedad lo solamente fortalece nos mas como pais'.

Exitoso symposium celebrando lustro di intervencion di cardiologia na Aruba

Un tremendo inversion den cuida medico na Aruba y awo cu wowo riba futuro

Diasabra 16 di September a tene un exitoso symposium di cardiologia tratando e topico di intervencion cardiovascular na Aruba cu e tema: “5 years of percutaneous coronary interventions in Aruba, what’s next?” Den un sala yen, oradornan local y internacional a toca diferente topico entre otro a mira bek riba cinco aña di intervencion cardiovascular na Aruba y su resultadonan, pero tambe a papia riba futuro oportunidadnan pa nos isla riba e tereno aki.

Cardiologo Robert Dennert: “Awe nos ta celebra cu nos tin nos lustro na Aruba y pues cu nos tin cinco (5) aña caba cu no mester manda pashent mas pa exterior pero por trata nan na Aruba mes.” Sea inmediatamente pa trata un persona cu a haya atake di curason of pone stent pa habri arterianan cu ta cera. Esaki no solamente ta scapa hopi placa pero mas importante ainda e pashent por recupera mas lihe na su isla mes den ambiente familiar. “Cu e colaboracion y guia di Amsterdam UMC y Onze Lieve Vrouwe Gasthuis (OLVG) Amsterdam a realisa e compleho moderno di intervencion cardiovascular unda cu ultimo añanan hasta ta trata pashent cu ta bin di nos islanan bisiña” segun cardiologo Dennert. Durante e symposium aki pues, a mira e fruto di e inversion haci no solamente den e compleho mes pero tambe den conocimiento y training di un tremendo team cu ta haci posibel e operacionnan aki na Aruba mes.

“Mi experiencia cu e team na Aruba ta uno fantastico”. Cardiologo Prof. dr. José Henriques di Amsterdam UMC ta conta di e tremendo colaboracion. “Mi ta haye ta importante pa menciona cu semper e colaboracion a bay super y cu awo e cardiologonan por hasta traha na Hulanda riba mesun nivel y independiente. Mi ta kere e momento a yega pa pensa riba e siguiente paso manera cuminsa tratamento di “klep” of otro tipo di tratamento conhuntamente cu sea internista, radiologo, intensivista of otro specialismo. “The sky is the limit” esey mi ta kere lo bira e “next step” pa Aruba.”

Segun Dr. Rene van der Schaaf, cardiologo di OLVG Amsterdam “a traha cu hopi gusto for di comienso cu ful e team. E relacion cu nos a establece na comienso a sigui crece y ainda nos ta intercambia y comparti informacion cu otro cu ta algo bunita.” E ta importante pa e impulso profesional continua y por mira cu na Aruba cada bes tin tecnica nobo cu wordo implementa cu apenas a yega otro luganan di cuida. E compleho cardiovascular aki tambe ta un ehempel di algo progresivo y un adelante den mundo.

Cardiologo Casper Laclé ta conta cu e ta sinti’e hopi contento.

“Despues di hopi aña di esfuerso a logra bin cu programa di PCI aki cu ta uno sostenibel na Aruba mes y awo por mira bek riba 5 aña como un bunita logro danki na ayudo di hopi hende”, Cardiologo Laclé ta conta. Kisas ta ami a cuminsa cu ne y a push’e, pero sin sosten di hopi hende esaki no lo por a logra. Tambe na final di e symposium awe cu a termina cu charla di director di Hospital, sr. Jacco Vroegop, mi no a sper’e y a keda sorprendi cu e palabranan di gradicimento y e plakkaat di aprecio cu nos tur a ricibi.”

Cinco aña pasa na luna di april a cuminsa cu e prome intervencionnan cardiovascular na Horacio Oduber Hospital. A cana un trayecto bastante largo pa yega na esaki pero cu resultadonan sumamente exitoso pa cuida medico y e comunidad di Aruba. Di e forma aki por nota con, sistematicamente, HOH ta sigui inverti den mas ekipo, prepara nos propio profesionalnan, amplia servicio, brinda mas cuida na pashent y baha e costo pa AZV y Aruba. Atrobe a demostra cu Hospital y Aruba mes por y lo sigui innova y eleva calidad di cuida medico pa Aruba!

Minister di cultura tabata presente na e desvelo di 'Mi Forsa' di e artista local Paul Wong

Un di e muralnan di mas nobo den caya di San Nicolas

Recientemente, Minister di Cultura, Xiomara Maduro, tabata un di e invitadonan di Artisa pa presencia e desvelo di e mural di e artista local Paul Wong. E atardi aki a cuminsa cu un tour duna door di Tito Bolivar caminda cu a presencia un obra di mosaik na comienso di caya grandi di Omaira Silva. E obra aki, un octopus completamente traha di mosaik, ta un bunita adicion na e cayanan di San Nicolas.

Despues di esaki e tour a sigui pa e siguiente stop cu tabata un mural 3D di e nomber di Aruba, traha pa nos artista local Robert Solognier, miho conoci como Ice One. E obra aki ta un obra cu ta captiva tur esnan cu pasa mir'e mirando cu e ta consisti di diferente componen-
tenan cu ta forma nos Pais, manera

San Nicolaas store, Kapel di Alto Vista y e Lighthouse pa menciona algun. Sin duda un mural cu ta duna realse na locual ta haci nos Pais uno unico.

Finalmente, e tour a caba cu e desvelo di e mural di Paul Wong titula 'Mi forza' cu ta e escudo di Aruba traha den forma cu e leon ta haya un bida, cu e palabranan 'un tin nada pa kibre', poniendo enfasis riba e forza di nos Pais. Minister Maduro ta gradici Artisa pa e invitacion y tambe ta gradici tur artista cu a duna nan contribucion na e Aruba Art Fair, creando obranan unico un biaha mas pa tur esnan cu bishita por admira. Un invitacion ta bay pa tur esnan cu no a bishita San Nicolas ainda, pa pasa y admira e obranan di mas nobo.

Dia di Limpieza Mundial

Aruba tambe a participa cu accion di ‘Baki den Barrio’ y beach clean-ups

Dia di Limpieza Mundial ta un evento global cu ta tuma luga tur aña riba e di tres diasabra di september. E iniciativa aki ta di e organisacion “Let’s do it, World.” E movimiento global aki a cuminsa na Estonia na 2008 ora cu 50,000 boluntario a limpia e pais den solamente cinco ora. Desde e tempo ey Dia di Limpieza mundial a haya popularidad. E ta un iniciativa global pa accion colectivo pa combati un di e problemanan ambiental mas presente di nos tempo: polucion di plastic. Na 2021, mas di 180 miyon di hende den 180 pais a participa den e evento Dia di Limpieza Mundial. E dia aki ta un oportunidad pa hende di tur parti di mundo bini hunto y haci limpi den nan barrio, comunidad, pais of e bida marino. E aña aki, Aruba tambe a uni na e causa di limpieza. Diasabra pasa e campaña Baki den Barrio; Aruba Limpi Limpi tawata activo den Santa Cruz. E accion di limpieza a tuma luga na Centro deportivo Nadi Croes & Crismo Angela.

Esnan cu a separa nan desprecio cu anticipacion, tawata tin e oportunidad pa deshaci di esakinan na un manera responsable pa medio di e campaña. Directie Natuur en Milieu (DNM) ta encurasha comunidad henter pa haci uzo di e oportunidad di e campaña aki y asina aporta na un Aruba y mundo limpi. Den e relato aki, DNM ta duna un bista riba e significativo di Dia di Limpieza Mundial, su impacto global, y con un individuo y comunidnan por involvi nan mes den e movimiento ambiental vital aki.

E meta di Dia di Limpieza di Mundo ta pa siña hende mas di e problema di polucion. Tuma por ehempel e problema di polucion di plastic y motiva hende pa tuma accion pa haci y mantene nan comunidad limpi. E evento tambe ta pa eleva e sentido di union comunitario y crea un futuro sostenibel. E

tema pa e Dia di Limpieza di Mundo 2023 ta “Lanta contra polucion di plastic” y na Ingles, “Rise Up Against Plastic Pollution”. E tema ta refleha e consciencia creciente cu tin pa e necesidad pa combati polucion di plastic. Polucion di plastic ta un problema medio ambiental y e ta esun cu nos tur mester atende cune.

Polucion di plastic a bira un di e crisisnan ambiental mas grandi di siglo 21. E uzo y e manera incorrecto di deshaci di productonan di plastic a alcanza consecuencia fatal pa nos planeta. For di causa polucion den gran escala di nos oceano y den canalnan di awa te hasta a perhudica bida salvahe y drenta den e cadena di cuminda humano. Polucion di plastic a impacta ecosistemanan y tambe salud di hende. E aspecto alarmante di polucion di plastic ta encera cu e ta persisti den e medio ambiente pa termino largo di centenares di aña cu casi ta imposibel pa e disparce of decomposita. Durante e proceso largo aki, plastic ta desmantela y bira microplastic cu ta penetra den ecosistema. Esaki ta trece menasa di termino largo pa e biodiversidad y bienestar humano.

Aki ta algun cos adicional cu bo por haci pa reduci polucion di plastic:

- Trece semper cu bo, bo tasnan di compras reusabel.
- Bisa NO na saconan di plastic y otro productonan di un solo uzo cu ta di plastic.
- Separa bo desperdicio den categorianan unda ta proces’e y reuz’e den otro forma di produccion. Duna e producto un bida nobo.
- Duna un aporte na companianan cu ta consciente di nan impacto medio ambiental y ta practica reduccion di nan desperdicio den proceso di produccion.

Si bo ta interesa di participa na Dia di

Limpieza Mundial, tin un par di cos cu bo por haci:

Organisa bo mes un evento di haci limpi. Uni un grupo di amigonan y famia y adopta un area y hunto haci esaki limpi di sushedad. No ta necesario pa corta ningun mata solamente e pikimento di sushi y deshaci di esakinan na e localidad asigna pa esaki.

Sea un boluntario na ocasion di un beach clean-up of area clenaup den bo mes barrio. Tin hopi organisacion cu ta traha na bienestar di medio ambiente manera Turtugaruba, Scubblebubbles y mas.

Tuma e decision pa cambia bo patronchi di consumo y reduci bo mesun plastic footprint. Cu e terminologia aki ta referi na e impacto medio ambiental cu bo tin door di ta uzando plastic. Con pa haci esaki? Nenga plastic di un solo uzo manera straw of saco di plastic. Por recicla y tambe practica trahando bo mesun gordura cu ta di e resto di berdura curu, fruta curu y foyo.

Participa na e accion di Dia Limpieza Mundial, bo ta yuda trece conscientisacion di e reto importante aki y haci un diferencia den bo comunidad. No ta importa con bo ta scoge pa participa, bo esfuerso ta locual ta haci e diferencia. Door di haci bo comunidad of barrio limpi, bo ta yuda proteha e medio ambiente y crea un futuro mas sostenibel.

Por ultimo, DNM ta haci un yamada na e comunidad pa saca un potret of video di bo famia of grupo di amistad aportando na e causa di haci limpi y comparti’e riba e plataformanan social y tambe inclui e hashtagnan aki #dnmaruba #WorldCleanupDay #WorldCleanupDay2023 #LetsDoItWorld #WasteFreeWorld

Centraal Magazijn / BID a expresa palabra di gratitud na Prome Minister

E unico mandatario cu a scucha y cumpli cu nan

Diabierna atardi, a tuma luga e apertura di e edificio remodela di Centraal Magazijn Bureau Interne Diensten (BID). Prome Minister Evelyn Wever-Croes tabata presente, hunto cu “Waarnemend Chef” sr. Ricky Koolman, pa asina ricibi e yabi di e edificio nobo aki. Durante un entrevista, Prome Minister a splica cu na momento cu su persona como minister encarga a mira e situacion deplorabel cu e edificio ta den, el haci un promesa pa drecha e luga, pa crea un ambiente mas agradabel pa e empleadonan. E promesa aki a wordo cumpli diabierna ultimo, na momento cu e yabi di un hoyo di edificio a wordo entrega na su persona.

PROME MINISTER EVELYN WEVER-CROES TA E UNICO CU A “WALK SU TALK”

Durante e actividad aki, por a nota e felicidad y emocion den cada un presente. Sr Koolman a tuma e oportunidad pa gradici Prome Minister pa no solamente a scucha nan, sino pa ta e unico mandatario cu a cumpli cu nan. El a indica cu Su Excelencia, Prome Minister Evelyn Wever-Croes ta e unico cu a “walk su talk”, cu despues di un bishita, a percura pa duna e luga un “facelift” y a drecha e bañonan. Despues a sigui cu e trabounan di remodelacion pa awe, nan ta para den un luga limpi, den bon estado, nobo y hopi mas grandi. “Di mi curason mi ta gradici Prome Minister pa tur su esfuerso den cumpli cu nos deseo di hopi aña. Nos tabata traha den un situacion deplorabel, y un edificio cu no tabata apto pa por cumpli cu nos debenan efectivamente. Danki na e remodelacion aki, nos empleadonan por duna un servicio mas eficiente na e otro departamentonan di gobierno” tabata palabranan di sr Koolman.

Minister Rocco Tjon:

A clarifica situacion di helicopter di polis

Dialuna durante Conferencia di Prensa di Gobierno di Aruba, minister di Husticia y Asuntonan Social a hiba palabra pa asina clarifica un cu e otro pa loke ta trata e Helicopter di Cuerpo Policial, caminda a sali den noticia tocante un persona cu lo ta traha cu e compania di cual nos ta lease e helicopter aki, lo a ser captura pa husticia.

Ta asina cu na momento cu nos a haya sa e informacion aki, na comienso di 2022, tocante e persona en cuestion aki, Gobierno di Aruba mesora a haci su “due diligence” pa sigura cu e compania en cuestion ta cumpli cu e rekisitonan ankra den e contract. Di cual un di nan ta cu nan mester ta “in good standing” pa loke ta e parti hudicial. Pues, esaki a resulta di ta e caso cu en berdad, e persona no ta doño ni shareholder di e compania, pero solamente un trahado, cual por cierto na december 2020 su relacion di trabou cu e compania a termina. Pais Aruba no a firma ningun acuerdo tampoco cu e persona aki.

Adicionalmente, a solicita un reunion cu Parlamento di Aruba, pa asina nan mes por haya un aclaracion detayadamente, y asina wak pa nan mes cu e compania ta in good standing, y cu e persona en cuestion no ta shareholder, y tampoco a firma nada cu ne. Na mes momento lo comparti tambe tur e documentonan y correspondencia cu mi a ricibi cu Parlamento.

Fortaleza pa Famia

Bon manera ta habri porta, mal manera ta cera porta den nos bida

BUNITESA, ni tampoco bon tipo, of perfume no por sconde mal manera.

Estudio y placa no por domina arrogancia.

Mal manera ta manera un flat tire e ta keda zona te ora e wordo drecha.

Bon manera ta pone hasta un mata smile.

Tin un tendencia awendia di mal manera y griteria, cual ta identifica hende como un persona fuerte, pero ta un gran mentira, un persona asina ta bobo y ta cerando porta pa su mes.

Despues di siña muchanan nan identidad den Cristo cu nan ta yiu di Dios, y socialmente cu nan ta homber of muhe segun Dios a crea nan, nos ta bay over na e parti di sembra bon manera y respet den nan. Pasobra si nos no haci'e como mayor caya ta educa nos yiunan, internet ta bruha nan cabes y despues nos como mayor ta man na cabes.

Muchanan ta embahador di cas, y si e embahadornan di cas tin mal manera, e cas ta saca mal holo den comunidad, pasobra nan ta identifica ki sorto di hende ta biba den e cas, pero si nan ta bon educa, cu bon manera, yen di respet y obediencia, tur mucha di barrio lo ta nan amigo pasobra nan ta brinda positivismo,

No ta facil lanta mucha den e tempo aki, pero tur esfuerso mester wordo haci, pasobra si un palo crece dobla, ora e bira grandi ta dificil pa stret e bek, ta ora e ta chiki nos mester sostene pa e por crece den bon direccion.

Nos trabao cu nos yiunan na cas ta fundeshi pa maestronan na scol, pasobra nan lo sigui traha riba locual nos a sembra na cas, ta mayor su deber di pone e prome piedra di educacion, p'esey ora nos sembra orden, respet y disciplina for di cas, e muchanan lo score den conducta na scol.

Palabra di Dios ta siña nos den Filipensenan 2:5: Laga tin den boso e actitud cu tabatin den Cristo Hesus, y nos tur sa cu e actitud di Cristo ta manso y humilde (Mateo 11:28-29).

No laga ningun palabra dañino sali for di boso boca, sino solamente palabra cu ta bon pa edificacion, conforme e necesidad di e momento, pa esaki por duna gracia na esnan cu ta tende. Laga tur amargura, furia, rabia, griteria, y calumnia, wordo kita for di boso hunto cu tur malisia. Sea cariñoso cu otro, misericordioso, pordonando otro, mescos cu Dios den Cristo tambe a pordona boso (Efesionan 4:29-32)

Haci tur cos sin murmura, ni discuti, pa boso por proba boso mes di ta sin culpa y inocente, yiunan di Dios sin reproche memey di un generacion corumpi y perverso, entre cual boso ta briya manera luznan den mundo (Filipensenan 2:14-15).

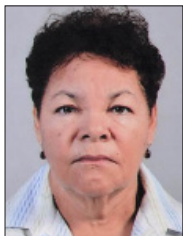

Asina manera esnan cu a wordo scogi di Dios, santo y stima, bisti un curason di compasion, cariño, humildad, manse-dumbre y pasenshi (Colosensenan 3:12).

E hende misericordioso ta haci bon na su mes, ma e hende cruel ta tormenta su mes carni (Proverbionan 11:17).

E enemigo ta cla para pa horta identidad di muchanan y tambe yena nan cu orguyo y arrogancia, pa asina nan aparta for di e caminda di Dios, y biba den scuridad.

Pa biba den amistad cu e mundo cual ta hiba nan na enemistad cu Dios (Santiago 4:4).

Den tur forma nos como mayor mester ta firme, para banda di nos yiunan, dunando testimonio di Dios su grandesa den nos bida, asina e muchanan por sa, cu den cualkier situacion cu nan por cay aden, Cristo Hesus ta e solucion.

Cu profundo tristeza, pero conforme cu Dios su boluntad, nos ta participa fayecimento cristian di nos mama, ruman y wela

SNBA Invites the Community to the Closing Event of “Say Yes to Secrets”

THE San Nicolas Business Association (SNBA) extends an invitation to the entire Aruban community to its signature collection closing event. This event will take place on Sunday, September 24th, 2023, starting from 4:00 PM to 11:00 PM in the Arubus San Nicolas parking lot.

As an organization dedicated to the development and growth of the San Nicolas community, SNBA initiated a signature collection campaign that began two months ago to support the Hotel Secrets project, which promises a transformational development for the district of San Nicolas. The closing event on September 24th will mark the grand finale of this campaign and an opportunity for the entire community to unite for a change in San Nicolas.

The event will be broadcast live, and big musical bands like Oreo, Tsunami, Buleria, and SHINE Music band will be present to set the atmosphere. There will be tents with a variety of food, offering a typical and delicious culinary experience from San Nicolas.

For those who haven't had a chance to sign yet, SNBA repre-

sentatives will be available to collect signatures and show their support. Additionally, representatives from Secrets Hotel will also be present at the event, giving a brief presentation with valuable information about the hotel project and its significant contribution to the community. Expectations are high, as the presence of the hotel is expected to open doors to opportunities and commercial activities, creating new job opportunities for the entire San Nicolas community and providing relief to those who spend 4 hours a day commuting to work and back home.

This project not only has the potential to bring significant change to businesses and residents in the area but also contributes to the economy of the entire country, making it a worthwhile cause to support.

SNBA warmly invites all community members to attend this event, sign and support the Secrets Hotel project, and enjoy a memorable afternoon. This event is an opportunity to demonstrate unity and solidarity in the district of San Nicolas, marking the beginning of a new and promising future for the community and businesses of San Nicolas.

Minister Dangui Oduber

The Global Travel Conference aims to create a prosperous future for Aruba as a destination

ON Monday and Tuesday, the Minister of Tourism, Mr. Dangui Oduber, attended the Global Travel Conference organized by the Aruba Tourism Authority. On Monday, the minister delivered some words of welcome to all the attendees and partners from the North American, Canadian, Latin American, and European markets.

The Global Travel Conference takes place from September 18th to the 22nd. There are a total of 58 participants, including Tour Operators and Airlines, from 16 different countries participating in the conference. The goal of this conference is to bring tourism partners to Aruba to experience firsthand what Aruba has to offer as a tourist destination and to provide information on the developments related to Aruba's products. This way, partners can get to know each other and work on future business initiatives from their respective countries to Aruba.

It's a conference aimed at introducing Aruba to our partners so that they can understand the vision and management of tourism, as well as Aruba's history and culture. Throughout the program, participants will experience Aruba in the same way that travelers will according to travel trends for the year 2024.

Finally, Minister Dangui Oduber expressed his gratitude to the Aruba Tourism Authority for organizing the Global Travel Conference and also to everyone who, in one way or another,

contributes to Aruba's tourism. Tourism remains the primary driver of our economy.

Minister of Culture Attends Unveiling of 'Mi Forsa' by Local Artist Paul Wong

RECENTLY, the Minister of Culture, Xiomara Maduro, was one of the guests invited by Artisa to witness the unveiling of the mural by local artist Paul Wong. The afternoon began with a tour led by Tito Bolivar, during which they visited a mosaic artwork at the beginning of Omaira Silva Boulevard. This piece, a beautifully crafted mosaic octopus, is a lovely addition to the streets of San Nicolas.

Following this, the tour continued to the next stop, which was a 3D mural featuring the name of Aruba, created by our local artist Robert Solognier, better known as Ice One. This artwork is captivating, as it consists of various components representing our country, such as the San Nicolaas store, the Alto Vista Chapel, and the Lighthouse, to name a few. Undoubtedly, this mural adds a touch of uniqueness to what makes our country special.

Finally, the tour concluded with the unveiling of Paul Wong's mural titled

This emphasizes the strength of our nation. Minister Maduro expressed her gratitude to Artisa for the invitation and thanked all the artists who contributed to the Aruba Art Fair, creating unique artworks once again for all visitors to admire. An invitation goes out to all those who have not yet visited San Nicolas to come and admire these latest artworks.

Exploring the Beauty of Aruba by Kayak

Nestled in the Caribbean Sea, Aruba is a tropical paradise known for its stunning beaches, crystal-clear waters, and vibrant marine life. While many visitors to the island spend their days lounging on the beach, those seeking a more adventurous and immersive experience should consider exploring Aruba's natural beauty by kayak.

Kayaking in Aruba offers a unique perspective of the island's coastline, allowing you to venture into serene coves, hidden lagoons, and mangrove forests teeming with wildlife. Whether you're an experienced kayaker or a beginner, there are kayaking opportunities for everyone to enjoy.

One of the most popular kayaking destinations in Aruba is the Spanish Lagoon. Located on the island's eastern coast, this tranquil body of water is sheltered from the open sea by a barrier reef, making it an ideal spot for kayaking. Paddle through the calm waters and witness the diverse marine life below, including colorful fish and coral formations.

For those interested in exploring Aruba's unique ecosystems, a kayak tour through the island's mangrove forests is a must. These dense mangroves serve as nurseries for many marine species and are essential for the island's ecosystem. Guided kayak tours take you through winding waterways, where you can observe herons, egrets, and other bird species that call the mangroves home.

Another exciting kayaking adventure awaits at Mangel Halto, a shallow bay on the southern coast of Aruba. Known for its vibrant marine life and excellent snorkeling opportunities,

Mangel Halto is also a fantastic place to launch your kayak. Glide over seagrass beds and explore the underwater world through the clear waters.

Aruba's western coast is famous for its rugged beauty, and kayaking along this shoreline provides a chance to marvel at dramatic cliffs, hidden caves, and pristine beaches. Guided kayak tours often include stops at secluded spots where you can relax, swim, and even snorkel in the turquoise waters.

Whether you choose a guided tour or rent a kayak to explore at your own pace, kayaking in Aruba offers an unforgettable experience. You'll not only connect with the island's natural wonders but also gain a deeper appreciation for its rich marine life and diverse ecosystems.

So, if you're looking to add a dash of adventure to your Aruba vacation, grab a paddle and embark on a kayaking journey that will allow you to connect with the island's natural beauty in a truly immersive way.

Special Model of “Sea Bunita Sea Bo Mes” Kay Richardson Appears on Time Square Billboards in New York

ON Saturday, September 9th, the special model Kaythairy Richardson, affectionately known as Kay from “Sea Bunita Sea Bo Mes” (Be Beautiful, Be Yourself), appeared on the giant billboard in Time Square, New York. This debut took place during the event organized by the National Down Syndrome Society (NDSS) on Time Square in New York for 2023. NDSS hosts this event annually to remind us of the “special love” that individuals with Down Syndrome bring to our community.

During a presentation on the billboard in Time Square, 500 individuals ranging from children to adults with Down Syndrome were featured. The video serves as a way to celebrate and highlight the achievements and values that people with Down Syndrome bring to our community. NDSS’s goal is to raise awareness, promote acceptance, and foster inclusion for individuals with Down Syndrome. On that Saturday, many families from around the world came to New York to participate in various events organized by NDSS after watching the video on Time Square.

These events included the opening ceremony of the NYC Buddy Walk and an award presentation party, among others. All of these activities were visually broadcasted to over 150 cities in the United States and various parts of the world, where more than 325,000 people connected via the internet.

This is another event where NDSS, in collaboration with the “Sea Bunita Sea Bo Mes” Foundation, has managed to organize, allowing Kaythairy Richardson from Aruba and all other individuals with Down Syndrome to participate. This is undoubtedly a significant achievement for our beloved island of Aruba. The “Sea Bunita Sea Bo Mes” Foundation invites the people of Aruba, in general, to come and support our special individuals on Saturday, October 21st, at the Renaissance Convention Center, where they will showcase their talents while living up to their motto of including, not excluding.

Successful Symposium Celebrating Five Years of Cardiology Intervention in Aruba

A Tremendous Investment in Medical Care in Aruba with an Eye on the Future

ON Saturday, September 16, a successful cardiology symposium was held, addressing the topic of cardiovascular intervention in Aruba with the theme: “5 years of percutaneous coronary interventions in Aruba, what’s next?” In a packed hall, local and international speakers discussed various topics, including looking back on five years of cardiovascular intervention in Aruba and its results, as well as talking about future opportunities for our island in this field.

Cardiologist Robert Dennert: “Today, we celebrate that we have reached our five-year milestone in Aruba, meaning that for the past five years, we no longer have to send patients abroad but can treat them right here in Aruba.” This includes immediate treatment for individuals who have suffered heart attacks or require stents to open blocked arteries. Not only does this save a significant amount of money, but, more importantly, patients can recover closer to home in a familiar environment.

“With the collaboration and guidance of Amsterdam UMC and Onze Lieve Vrouwe Gasthuis (OLVG) Amsterdam, we have realized a modern cardiovascular intervention complex where, in recent years, we have even been able to treat patients from our neighboring islands,” according to cardiologist Dennert. During this symposium, we saw the results of the investment made not only in the complex itself but also in the knowledge and training of a tremendous team that makes these operations possible in Aruba.

“My experience with the team in Aruba has been fantastic,” says Cardiologist Prof. Dr. José Henriques of Amsterdam UMC. “I believe it’s important to mention that our collaboration has always been excellent and now, Aruban cardiologists can work at the same level as their Dutch counterparts, independently. I think the time has come to think about the next step, such as initiating treatments like valve replacements or other types of treatment in collaboration with internists, radiologists, intensivists, or other specialists. ‘The sky is the limit,’ and I believe that will be the next step for Aruba.”

According to Dr. Rene van der Schaaf, cardiologist at OLVG

Amsterdam, “We have been working together enthusiastically from the beginning. The relationship we established at the start has continued to grow, and we still exchange and share information with each other, which is something beautiful.” It’s important for professional development to continue, and in Aruba, there’s always a new technique being implemented that has just arrived at other healthcare facilities. This cardiovascular complex is also an example of progressiveness and advancement in the world.

Cardiologist Casper Laclé expresses his contentment, saying, “After many years of effort, we have now arrived at this sustainable PCI program in Aruba, and after five years, we can look back on it as a great achievement thanks to the help of many people. Maybe I started it, but without the support of many, it wouldn’t have been possible. Also, at the end of today’s symposium, when we concluded with a speech by the Hospital’s director, Mr. Jacco Vroegop, I didn’t expect it and was surprised by the words of gratitude and the certificate of appreciation that we all received.”

Five years ago, in April, the first cardiovascular interventions began at Horacio Oduber Hospital. It has been a long journey to reach this point, but with extremely successful results for medical care and the Aruban community. This demonstrates how systematically HOH continues to invest in more equipment, train our own professionals, expand services, provide more patient care, and lower costs for AZV and Aruba. Once again, it has been shown that the Hospital and Aruba itself can and will continue to innovate and raise the quality of medical care for Aruba!

Celebrating Aruba's Hospitality Heroes

The Dedicated Horeca Workers

IN the heart of the Caribbean, the island of Aruba beckons travelers from around the world with its sun-kissed beaches, vibrant culture, and warm hospitality. While Aruba's stunning landscapes and crystal-clear waters often steal the spotlight, it's important to take a moment to celebrate the unsung heroes who make every visit truly memorable: the dedicated Horeca workers.

Horeca, an abbreviation for Hotel, Restaurant, and Café, encompasses the backbone of Aruba's tourism industry. These hardworking individuals put in long hours, often behind the scenes, to ensure that visitors have a seamless and unforgettable experience during their stay. Their commitment to service excellence is nothing short of remarkable.

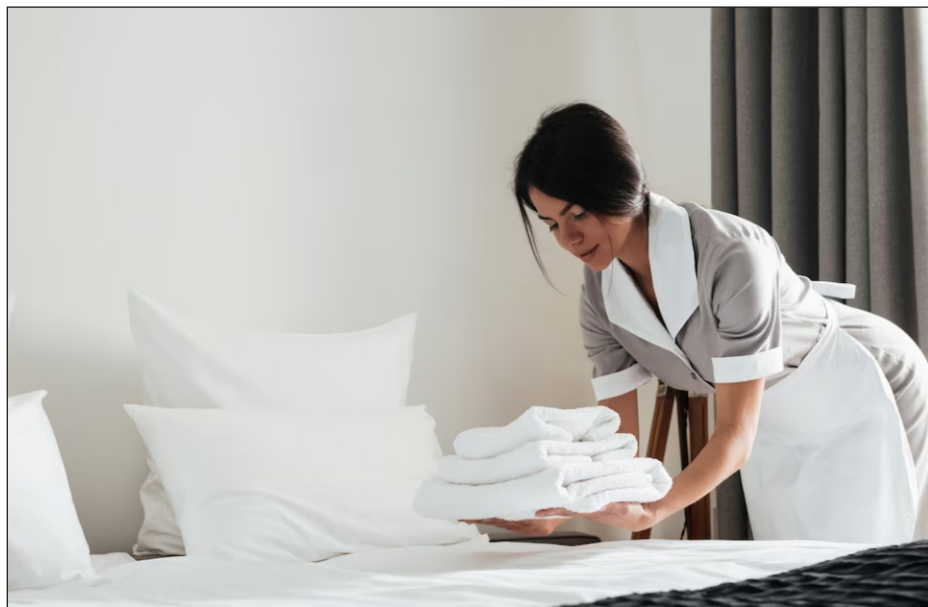

From the moment you step into an Aruban hotel, you are greeted by friendly and accommodating staff who go above and beyond to make you feel at home. They are the smiling faces at the reception desk who check you in, the diligent housekeeping teams who ensure your room is pristine, and the concierge who provides you with insider tips on the best places to explore on the island.

When it comes to dining, Aruba's restaurants and cafes offer a delectable fusion of flavors, reflecting the island's multicultural heritage. The chefs work tirelessly in the kitchen to create mouthwatering dishes that tantalize your taste buds. But it's not just about the food; it's the attentive wait-staff who provide top-notch service, making every meal a delightful experience.

Aruba's bustling nightlife is another attraction that owes its vibrancy to Horeca workers. Bartenders craft creative cocktails, while musicians and entertainers keep the energy high, ensuring that you dance the night away in style. These individuals are the true architects of Aruba's vibrant social scene.

Behind the scenes, there are the unsung heroes who maintain the cleanliness of the beaches, organize events, and manage the logistics that keep Aruba's tourism engine running smoothly. Their dedication often goes unnoticed, but it is their hard work that helps create the picture-perfect backdrop for your vacation.

So, the next time you find yourself sipping a cocktail by the beach, enjoying a sumptuous meal, or experiencing the warmth of Aruba's hospitality, take a moment to appreciate the Horeca workers who make it all possible. Their unwav-

ering commitment to service excellence and their passion for sharing the beauty of Aruba with visitors deserve to be celebrated and recognized.

Let's shine a spotlight on Aruba's dedicated Horeca workers, whose tireless efforts ensure that every traveler leaves the island with cherished memories and a desire to return. Thank you for making Aruba not just a destination but a place where dreams come true.

Sustainable Development Goals

“**GOOD** Health and Well-being” as one of the Sustainable Development Goals aims to ensure that people have access to quality healthcare services, which includes not only physical health but also mental health support. It also focuses on reducing the incidence of diseases, ultimately aiming to improve the overall well-being of individuals and communities.

Aruba, like many other countries, faces the challenge of providing high-quality healthcare while managing the rising costs associated with healthcare services. The island’s small population and limited resources can make this task particularly challenging. Aruba, however, has made efforts to provide quality care to its residents.

To address the tension between high-quality care and affordability, Aruba might explore several strategies:

- 1. Efficiency and Innovation:** Invest in healthcare innovations and technologies that can streamline processes, reduce waste, and improve the efficiency of healthcare delivery. This could help maintain or improve quality while controlling costs.
- 2. Preventive Healthcare:** Place a strong emphasis on preventive healthcare measures, such as public health campaigns and vaccination programs. Preventing diseases can reduce the long-term **burden on the healthcare system**.
- 3. Collaborative Care:** Promote collaboration between healthcare providers, insurance companies, and government agencies to find ways to reduce costs without compromising quality. This could involve negotiating better prices for medical supplies or prescription drugs.
- 4. Education and Awareness:** Educate the public about the importance of a healthy lifestyle and early disease

detection. This can help reduce the incidence of preventable diseases and the overall demand for healthcare services.

5. International Partnerships: Seek partnerships with international organizations or neighboring countries to share knowledge, resources, and best practices in healthcare delivery and cost control.

Ultimately, the challenge for Aruba, as for many nations, is finding a balance between providing high-quality care and making it affordable and accessible to all residents. It may require a combination of policy changes, investments in healthcare infrastructure, and a commitment to preventive measures to achieve this delicate balance.

Lake Maracaibo Nearing Collapse: A Plea for Urgent Environmental Action

LAKE Maracaibo, Latin America's largest lake, is facing a mounting crisis, causing grave concern among environmental activists. The situation is becoming increasingly dire, with systemic issues, such as oil spills, deforestation in its surrounding basins, and the repercussions of livestock and agricultural activities, pushing the lake closer to the brink of collapse.

The recent emergence of a greenish tint, the result of a cyanobacteria infestation covering a significant portion of the lake's surface, has exacerbated the problem. This phenomenon not only hinders economic activities but also raises serious health concerns for the local population. Calls for Venezuelan President Nicolás Maduro to declare an ecological emergency are growing louder.

Satellite images reveal that a staggering 70% of the lake is now blanketed by this microalgae, which emits a pungent odor due to the high concentration of nutrients like phosphorus and nitrogen, stemming from certain tributaries. After years of neglect, the Chavista government has pledged to address this environmental catastrophe.

Josué Lorca, the Minister of Ecosocialism, has engaged with the board of the Institute for Lake Maracaibo Conservation, local mayors, and academics from the University of Zulia to explore solutions. Cleanup campaigns have been initiated, and efforts are underway to reactivate monitoring systems for pollution and spills.

Lake Maracaibo, spanning over 13,000 square kilometers (larger than Jamaica) with an average depth of about 50

meters, has long been plagued by severe environmental issues, primarily stemming from a century of petroleum activities. The eastern coast has borne the brunt of oil spills, which have multiplied due to inadequate plant maintenance. The lake's bed is crisscrossed with a labyrinth of pipes and pipelines from the state-owned company, Petróleos de Venezuela.

"The lake's problems are neither isolated nor short-term. Multiple issues are contributing to this dire situation," warns Alejandro Alvarez, director of the NGO Clima 21. The forests in the lake's basin have been severely impacted by overexploitation. Cities and towns along its shores are discharging waste into its waters, which also receive agricultural and livestock-related pollutants.

Some areas of the lake are used for fish farming and shrimp production, while coastal communities grapple with excessive plastic waste. The greenish tint has transformed this complex set of challenges into a systemic crisis.

Alvarez states, "Chavista governments have chosen to ignore the problem and deflect responsibility."

Lenin Parra, a biologist, tour guide, and professor at the Bolivarian University of Venezuela, explains that while the greenish tint isn't new, its recent rapid growth is deeply concerning. He emphasizes the importance of preserving the lake's mangrove forests, which play a crucial role in absorbing nutrients and contaminants. Additionally, the lake's salinization, resulting from the oil industry's activities, poses a significant environmental threat.

Lake Maracaibo's fate depends on comprehensive and sustained efforts to combat pollution, restore its ecosystems, and promote responsible industrial practices. This monumental task must be embraced urgently to rescue this vital natural resource. The preservation of Lake Maracaibo is not only essential for the region's biodiversity but also for the well-being of the local communities that rely on it for their livelihoods and sustenance.

Bukele's Bold Approach

El Salvador's Struggle Against Gangs

DANTE Liano's article, published on March 15, 2023, delves into El Salvador's dramatic transformation under President Nayib Bukele. It highlights how his government successfully dismantled long-standing criminal gangs, known as "maras," bringing unprecedented peace to a nation plagued by crime. This shift has ignited discussions across Latin America, with some advocating for similar actions in their own countries.

The mara phenomenon originated in the 1980s when Salvadorans sought refuge in the United States. Faced with adversity in Los Angeles, many Salvadoran youths formed gangs. The Mara Salvatrucha and Barrio 18 emerged, signifying "people from El Salvador." After the civil war, mareros returned, gradually gaining control of territory, challenging successive Salvadoran governments.

Nayib Bukele, a young engineer of Palestinian descent, emerged as a dynamic leader. As mayor of the capital, he laid the groundwork for a successful presidential bid. His pragmatic, charismatic approach won him widespread support. Upon taking office, Bukele confronted the maras with negotiations but resorted to force when they reneged on agree-

ments. He incarcerated over 50,000 individuals, dismantling criminal organizations and achieving 90% national approval.

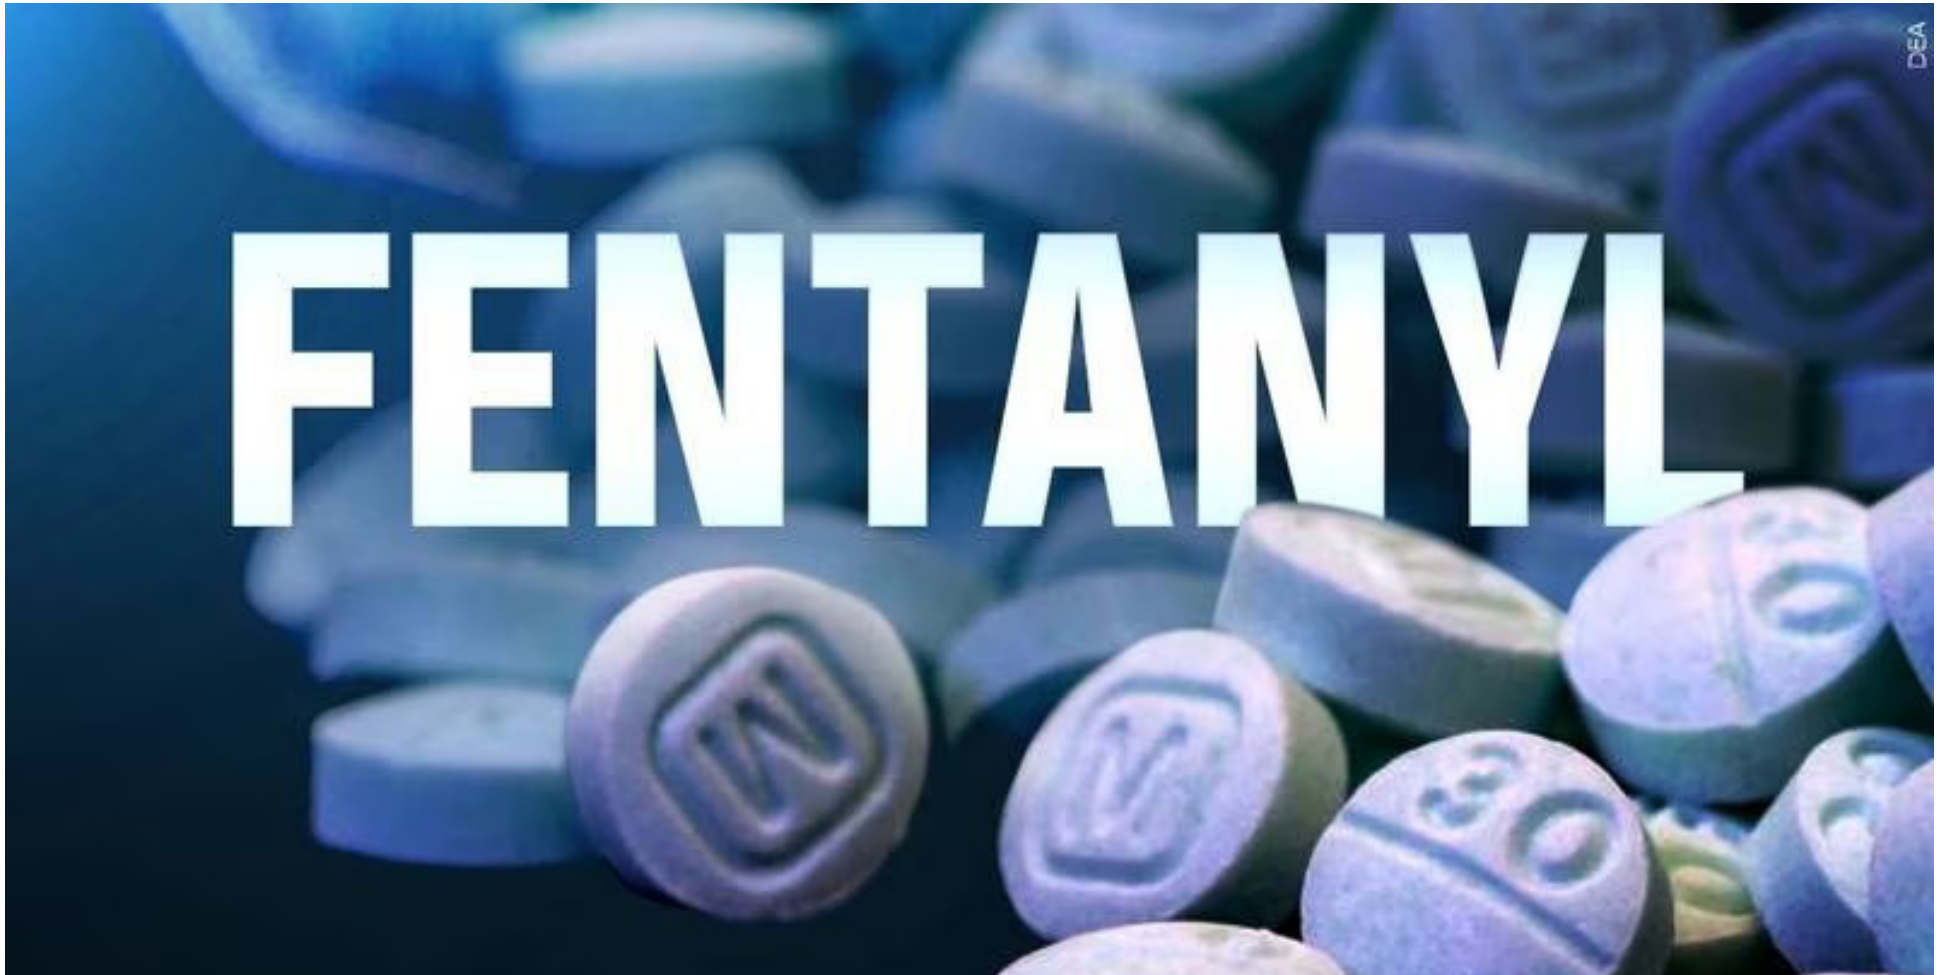

Simultaneously, Bukele pursued populist policies, silenced opposition media, and centralized power. Yet, concerns loom. Can El Salvador effectively rehabilitate inmates?

Can former gang members reintegrate as law-abiding citizens? Can the nation maintain a state of exception? Can society thrive without freedom of expression?

Repression alone cannot resolve deep-rooted issues. El Salvador's challenges echo across Latin America: profound inequalities, poverty, and limited opportunities. Repression thrives where basic needs are unmet. Justice and wealth redistribution, not authoritarianism, are the true solutions.

El Salvador's transformation serves as a reminder: addressing societal issues is paramount. The road ahead involves reeducation, reintegration, and tackling inequalities. Success hinges on creating a just and inclusive society, free from criminal organizations.

The Fentanyl Crisis: A Global Menace Involving Mexico, Colombia, and Ecuador

IN a startling revelation, the United States has recently uncovered evidence that not only Mexico but also Colombia and Ecuador are involved in the production and trafficking of fentanyl, a potent synthetic opioid responsible for thousands of deaths in the United States. Todd Robinson, the chief antinarcotics official at the U.S. Department of State, made this announcement on Tuesday, shedding light on the alarming expansion of the fentanyl trade.

Robinson emphasized that the production chain of this deadly synthetic opioid begins in China, where chemicals used in its manufacturing are readily available. These precursors are then transported to the Americas, primarily to Mexican drug cartels, who process the fentanyl and distribute it within the United States.

Speaking in New York at an event organized by the United States as part of the global coalition against synthetic drugs during the UN General Assembly, Robinson highlighted the severity of the fentanyl crisis. Fentanyl, known to be 50 times more potent than heroin, claimed over 70,000 lives in the United States last year alone. In response, Washington has increased pressure on Mexico to combat drug cartels and has called upon China to control the precursor chemicals used in fentanyl production.

On another front, Robinson stated that the United States is “analyzing” the new anti-drug plan proposed by Colombian President Gustavo Petro. This plan aims to shift focus away

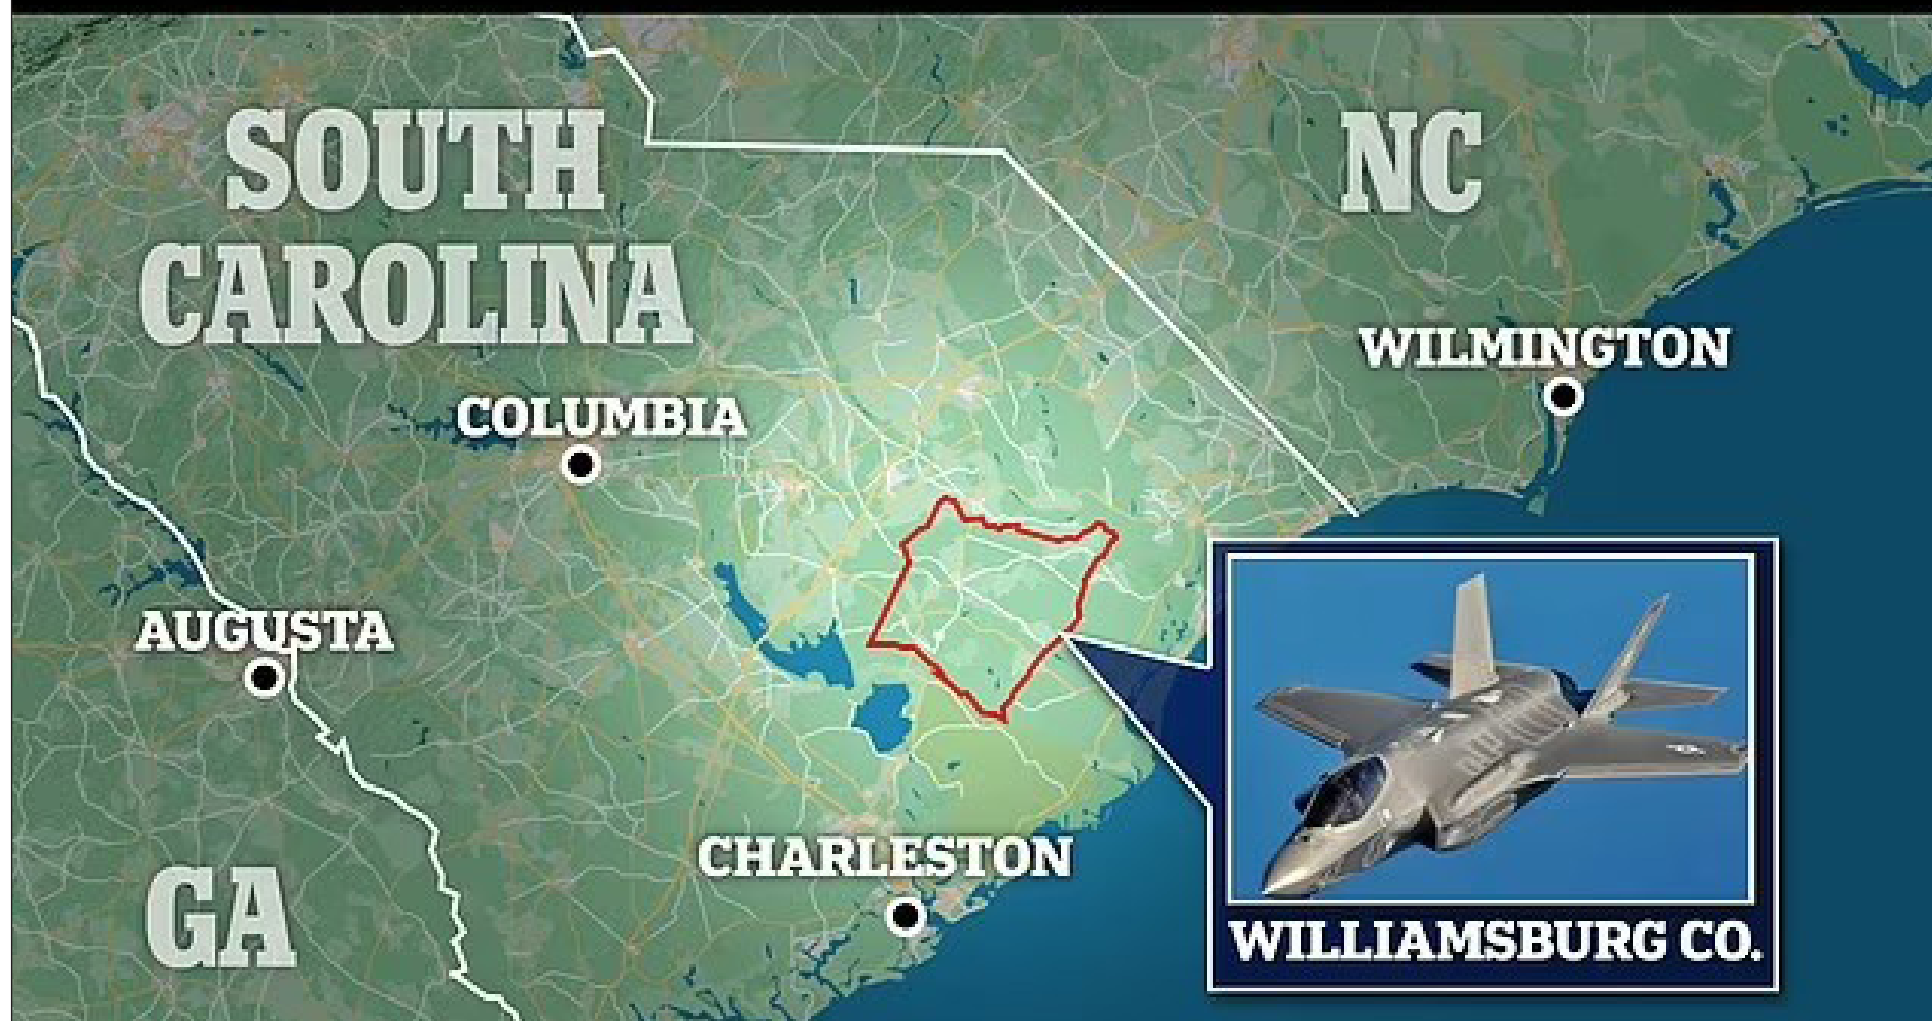

from pursuing small coca leaf farmers and instead target drug trafficking organizations. Robinson acknowledged that Colombia has not abandoned eradication efforts, even as coca plantations have reached record levels according to the United Nations Office on Drugs and Crime (UNODC). He stressed that both the U.S. and Colombia can do more in terms of drug seizures, expressing a shared commitment to enhancing the security of rural areas in Colombia.

In a related development, the United States announced its intention to present a resolution at the UN General Assembly later this year, urging the international community to combat the trafficking of fentanyl and other synthetic drugs. Secretary of State Antony Blinken also revealed plans to appoint a special envoy dedicated to combating fentanyl and collaborate with tech companies to crack down on online sales of the substance.

Blinken emphasized that fentanyl overdoses are the leading cause of death among Americans aged 18 to 49 and warned of its global spread. He cited the surge in tramadol trafficking and consumption in Africa, captagon in the Middle East, ketamine in Asia, and recent synthetic drug seizures in the European Union and Australia. The secretary of state stressed the urgency of international cooperation in addressing this crisis, believing that working together could save countless lives. The fentanyl epidemic, it is clear, is a grave concern that transcends borders and requires a united response.

Search and Recovery Efforts Underway for Missing F-35 Fighter Jet After Pilot Ejection

F-35 DEBRIS FOUND

IN a concerning incident, an F-35B Lightning II jet went missing after a pilot ejected due to a “mishap.” It took authorities several hours to locate the debris field, which was found approximately two hours northeast of Joint Base Charleston in North Charleston, according to official reports.

The incident unfolded when the pilot was forced to eject from the F-35B, a cutting-edge aircraft known for its advanced capabilities. The pilot’s quick and safe ejection was a testament to the effectiveness of the aircraft’s ejection system. The pilot was subsequently transported to a local medical center and was reported to be in stable condition.

This incident prompted a significant search and recovery operation. Joint Base Charleston, in coordination with Marine Corps Air Station Beaufort, the Federal Aviation Administration (FAA), Civil Air Patrol, and local law enforcement, initiated a comprehensive effort to locate the missing aircraft.

Ground and air assets were deployed in the search, reflecting the seriousness of the situation.

Notably, the F-35B jet was in autopilot mode at the time of the pilot’s ejection. This raised concerns that the aircraft could have remained airborne for an extended period, potentially posing safety risks. The precise circumstances that led to the pilot’s ejection remained unclear, and an investigation was promptly initiated to shed light on the incident.

This incident garnered international attention, with many expressing astonishment at how an advanced fighter jet like the F-35 could go missing. Lockheed Martin, the aerospace giant behind the F-35 series, describes it as the “most advanced fighter jet in the world,” renowned for its stealth and survivability. The F-35 family includes variants designed for different mission profiles, underlining its significance in modern military aviation.

As the investigation unfolds, further details regarding the incident will likely emerge. Questions regarding the jet’s systems, pilot training, and the circumstances leading to the ejection will need to be answered to ensure the safety and effectiveness of these advanced aircraft in the future.

Aircraft Carrying 5 Americans Freed from Iran Returns to the US

A plane carrying five American citizens, who were part of a U.S.-Iran deal, has safely landed in the United States. The National Security Council spokesperson, John Kirby, announced their arrival, emphasizing the importance of providing the repatriated citizens with mental and medical healthcare and reuniting them with their families.

The released Americans include Siamak Namazi, Emad Shargi, Morad Tahbaz, and two others who wished to remain anonymous. They had all been wrongfully detained by the Iranian government. Notably, the wives of Tahbaz and Namazi were also allowed to leave Iran as part of the agreement.

President Joe Biden expressed his gratitude to both domestic and international partners for their efforts in securing the release of these citizens. The diplomatic efforts involved Qatar, Oman, Switzerland, and South Korea, with special recognition given to the Emir of Qatar and the Sultan of Oman.

The five Americans had been imprisoned in Iran, primarily in Tehran's notorious Evin prison, and were placed under

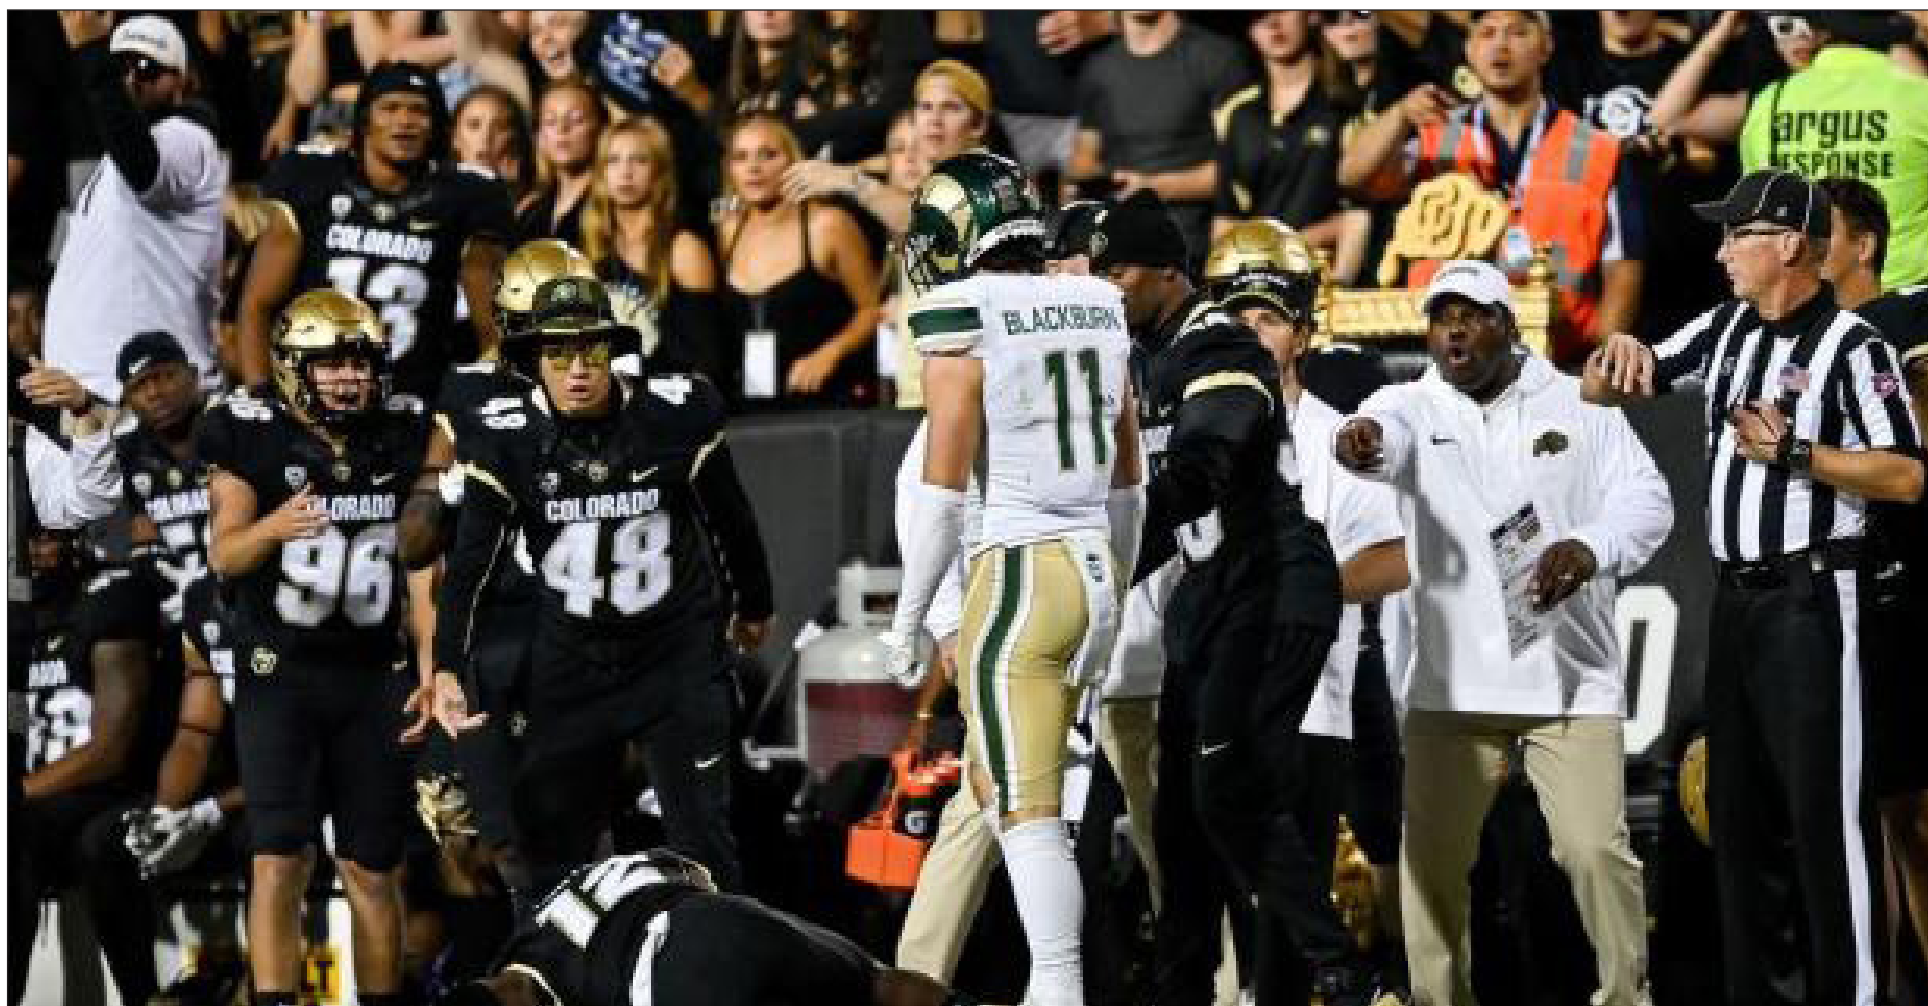

house arrest as part of the agreement. Their release came after the U.S. promised clemency to five Iranians and facilitated Iran's access to around \$6 billion in frozen oil revenue, earmarked for humanitarian purposes.

The funds were transferred from a restricted account in South Korea and will be subject to stringent oversight to ensure they are used for approved purposes. The release of funds has faced criticism, with concerns about indirectly incentivizing future hostage-taking. However, officials maintain that the funds will benefit the Iranian people, not the regime.

Despite the successful repatriation, tensions with Iran persist, with concerns over Tehran's actions and potential future hostage-taking. U.S. officials vow to continue monitoring the situation and apply diplomatic pressure when necessary.

The release of these American citizens marks a significant development in U.S.-Iran relations and demonstrates the complexity of negotiations involving both human lives and financial assets.

Death Threats Against College Football Player and Family Highlight Safety Concerns

A deeply concerning incident has come to light in the world of college football, as Colorado State's defensive back, Henry Blackburn, and his family have been targeted with threats, including death threats, following a controversial hit during a recent game. Athletic director Joe Parker has confirmed that both the Colorado State University Police Department and local authorities are actively investigating these threats.

The incident in question unfolded during a game between Colorado State and Colorado when Henry Blackburn, a senior hailing from Boulder, made an illegal hit on Colorado's versatile receiver and cornerback, Travis Hunter. This hit resulted in an undisclosed injury to Travis Hunter, who had been one of the standout stars of the 2023 college football season. What sets this situation apart is the fact that the threats against Henry Blackburn and his family began emerging before the game had even concluded. Disturbingly, phone numbers for Blackburn and his mother were disclosed on the internet, alongside Blackburn's campus address and his family's residential address.

In response to this menacing situation, university officials and local law enforcement agencies have collaborated to investigate these threats. The threats have manifested as menacing phone calls, threatening text messages, and alarming posts on social media platforms. Joe Parker, the athletic director, voiced grave concerns about Henry

Blackburn's safety and the well-being of his family. Parker underscored that Blackburn had never intended to cause harm on the football field, emphasizing that such behavior contradicts the principles instilled by the university.

The initial incident, featuring Blackburn's late hit on Travis Hunter, gained substantial attention on social media platforms. Travis Hunter, despite briefly returning to the game after the hit, later had to be evaluated at a local hospital. Head coach Deion Sanders announced that Hunter would be sidelined for several weeks due to his injury.

As the investigation continues and the threats persist, the college football community finds itself grappling with the unsettling ramifications of a controversial play. During a recent news conference, Colorado State coach Jay Norvell expressed his deep sadness concerning the threats. He stressed the importance of recognizing that football is just a game and should not escalate beyond that. Norvell also conducted a review of the hit, describing it as a "bang-bang play" that, while regrettable, is occasionally witnessed in football.

This troubling incident serves as a stark reminder of the broader issues related to sportsmanship, online behavior, and the critical importance of maintaining perspective in the world of competitive sports.

Logan Paul and Dillon Danis to Clash in Highly Anticipated Boxing Match

IN the world of sports entertainment, particularly in the realm of combat sports, a blockbuster showdown is on the horizon. Logan Paul, the YouTube sensation turned combat sports contender, is set to make his return to the boxing ring against none other than Dillon Danis, a name well-known in the MMA community. The bout is scheduled for October 14th in Manchester, England, and while it's yet to be officially determined whether it will be a professional fight or an exhibition, it has garnered immense attention from fans worldwide.

Logan Paul, aged 28, has dabbled in both WWE and boxing. His last foray into boxing was in June 2021, where he faced the legendary Floyd Mayweather in an exhibition match. His lone professional boxing bout took place in 2019, resulting in a split decision loss to KSI.

On the other side of the ring, Dillon Danis, aged 29, is a Brazilian jiu-jitsu champion and notably a training partner of UFC superstar Conor McGregor. While he's made a name for himself through his grappling skills and antics on social media, Danis has yet to step into the world of boxing competitively. This upcoming match against Logan Paul marks his

boxing debut, adding another layer of intrigue to the fight. The Paul vs. Danis showdown is set to be part of a double main event, alongside another highly anticipated clash. KSI, a fellow YouTube personality and one of the pioneers of the influencer boxing trend, will square off against Tommy Fury, a British boxer and reality TV star. Tommy Fury is fresh off a decision victory over Jake Paul, Logan's younger brother. The press conference leading up to these fights was marked by chaos, with overturned tables, flying cake, and heated exchanges of vulgar insults.

This event underscores the continued fusion of social media, entertainment, and professional combat sports. Logan Paul, KSI, and others have successfully blurred the lines between amateur and professional competition, attracting immense interest from a diverse audience. While the matchups themselves are still to be defined, the spectacle surrounding them promises high drama and intrigue.

As fans eagerly await the clash between Logan Paul and Dillon Danis, and KSI's bout with Tommy Fury, the worlds of YouTube and combat sports continue to collide in ways that challenge the traditional boundaries of athletic competition.

Cleveland Browns Face Double Blow: Chubb's Injury and Watson's Struggles Threaten Head Coach

IN a devastating turn of events, the Cleveland Browns not only suffered a 26-22 loss to the Pittsburgh Steelers but also witnessed the star running back, Nick Chubb, being carted off the field with a severe knee injury during Monday night's game.

The grim incident occurred in the second quarter when Steelers safety Minkah Fitzpatrick tackled Chubb low at the end of a five-yard run, delivering a harsh blow to Chubb's legs. Chubb remained on the ground for an extended period, prompting teammates to gather in concern. He ultimately left the field on a cart, and ESPN refrained from airing replays of the distressing moment.

Browns' head coach, Kevin Stefanski, delivered more unfortunate news after the game, stating that he expects Chubb to miss the remainder of the season. This is a significant blow to the Browns as Chubb has been a consistent force for the team, averaging over 1,250 yards rushing per season.

Adding to the Browns' woes, their quarterback, Deshaun Watson, continued to struggle. Watson completed 22 of 40 passes for 235 yards, managing one touchdown and an interception. He also faced two unsportsmanlike conduct

penalties for grabbing a Steeler's facemask, prematurely halting promising drives. Watson's underwhelming performance compounds the team's problems, making Chubb's injury even more damaging to Cleveland's prospects.

The Pittsburgh Steelers' defense played a pivotal role in their victory, scoring on an interception return by Alex Highsmith and a fumble recovery by TJ Watt. Watt's sack during the game marked a significant milestone as he became the Steelers' all-time sack leader with 81.5 career sacks.

While the Browns believed they were denied a pass interference call on fourth down as they aimed to secure a late-game victory, it was ruled as an incompleting, allowing the Steelers to run out the clock and secure the win.

As the Browns grapple with Chubb's injury and Watson's struggles, questions arise about the team's historical challenges. Cleveland has a longstanding reputation for struggling, and the decision to replace Baker Mayfield with Deshaun Watson now raises concerns about the future of the head coach, amplifying the pressure on an already embattled franchise.

A Roadmap to Self-Development:

Setting Goals for Personal Growth

Introduction:

In the pursuit of personal growth and self-improvement, setting clear and achievable goals is like charting a course for your own development journey. These goals act as milestones, guiding you through the path of self-discovery and continuous improvement. In this article, we'll explore the importance of setting self-development goals and provide a roadmap for goals you can set for different timeframes - 3 months, 6 months, 1 year, and even 5 years.

The Power of Self-Development Goals:

Self-development goals are more than just aspirations; they are the building blocks of personal growth.

Here's why they matter:

- 1. Direction and Purpose:** Goals give you direction and purpose in life. They provide a clear sense of where you want to be and what you want to achieve.
- 2. Motivation:** Setting goals can be incredibly motivating. They inspire you to take action, step out of your comfort zone, and overcome obstacles.
- 3. Measurable Progress:** Goals are measurable. As you work towards them, you can track your progress and celebrate your achievements along the way.
- 4. Focus and Prioritization:** Goals help you focus your time and energy on what truly matters to you, enabling you to prioritize your efforts effectively.
- 5. Continuous Learning:** Pursuing self-development goals often involves learning new skills, gaining knowledge, and acquiring valuable experiences.

Self-Development Goals for Different Timeframes:

3-Month Self-Development Goals:

- 1. Reading Challenge:** Set a goal to read a certain number of books within three months. Choose books on personal development, self-help, or topics of interest.
- 2. Skill Acquisition:** Dedicate time to learn a new skill or improve an existing one, whether it's a language, musical instrument, or a digital skill like coding.
- 3. Fitness Commitment:** Establish a consistent exercise routine and define specific fitness goals, such as running a particular distance or increasing your strength.
- 4. Mindfulness Practice:** Start a daily mindfulness or meditation practice to enhance focus, reduce stress, and achieve mental clarity.
- 5. Networking Initiative:** Expand your professional network by connecting with individuals in your field or joining relevant groups to gain new insights.

6-Month Self-Development Goals:

- 1. Career Advancement:** Define your career objectives and develop a plan to achieve them, whether it's seeking a promotion or exploring new job opportunities.
- 2. Healthy Lifestyle:** Improve your diet by incorporating nutritious foods and making healthier choices to boost your overall well-being.
- 3. Financial Planning:** Create a budget, save money, and invest in your financial future by setting long-term financial goals.
- 4. Time Management:** Enhance your time management skills to increase productivity and achieve a better work-life balance.
- 5. Public Speaking:** Work on improving your public speaking and communication skills through courses or regular practice.

1-Year Self-Development Goals:

1. Advanced Education: Consider enrolling in a relevant course or program to further your education and expand your career prospects.

2. Leadership Roles: Aim to take on leadership roles, either at work or in community organizations, to develop and refine your leadership skills.

3. Writing Endeavors: Start writing a book or a blog on a subject you're passionate about, committing to regular updates and sharing your insights.

4. Volunteer Work: Dedicate time to volunteer for a cause you believe in, contributing to personal growth and the betterment of your community.

5. Healthy Lifestyle Commitment: Make lasting lifestyle changes, including maintaining a fitness routine and adopting a healthier diet for long-term well-being.

5-Year Self-Development Goals:

1. Entrepreneurial Pursuits: Consider venturing into entrepreneurship, whether by starting your own business or investing in a startup.

2. Advanced Degrees: Explore the possibility of pursuing advanced degrees like a master's or a Ph.D. to broaden your knowledge and career horizons.

3. Mentorship Role: Become a mentor to others in your field, sharing your expertise and guiding their development, fostering growth in both directions.

4. Travel and Cultural Immersion: Set a goal to travel extensively, immersing yourself in different cultures to expand your horizons and deepen your understanding of the world.

5. Financial Independence: Work diligently towards financial independence, where your investments or business ventures generate passive income, providing you with greater financial freedom.

Conclusion:

Setting self-development goals is not just about reaching a destination; it's about embracing the journey of personal growth and self-improvement.

By creating and pursuing these goals, you empower yourself to become the best version of yourself, continually learning, growing, and evolving.

Remember, the path to self-development is unique for each person, so choose goals that resonate with your aspirations and values. With dedication and perseverance, you can turn your self-development goals into remarkable achievements that enrich your life in countless ways.

Forgiveness:

The Healing Power Within

FORGIVENESS is a profound act that holds the power to transform lives and heal deep wounds. While often perceived as a gift to others, it is, in reality, a profound gift we give to ourselves.

Carrying grudges and holding onto anger can feel like carrying heavy baggage through life. It weighs us down, affects our well-being, and hinders our personal growth. However, forgiveness offers the key to unburdening ourselves and finding inner peace.

One of the most significant ways forgiveness helps us is by freeing us from the chains of resentment. When we forgive, we release the grip of anger and resentment that has bound us. This liberation is like shedding a heavy coat on a warm day, allowing us to breathe more freely and feel lighter.

Forgiveness also promotes emotional healing. It allows us to acknowledge our pain, process it, and then let it go. By doing so, we create space for emotional well-being and personal growth. Rather than remaining stuck in the past, we can move forward with a renewed sense of purpose. Moreover, forgiveness can mend broken relationships. It opens the door to reconciliation and offers the opportunity to rebuild trust and understanding. When we forgive, we foster an environment of compassion and empathy, which

can help mend even the most damaged connections.

Forgiveness is a potent tool for self-empowerment. It shifts the focus from being a victim to being in control of our emotions and reactions. It empowers us to choose compassion over resentment, understanding over anger, and healing over suffering.

Additionally, forgiving ourselves is equally crucial. Often, we carry guilt and shame for our own mistakes and shortcomings. Self-forgiveness allows us to acknowledge our humanity, learn from our experiences, and grow as individuals. It's an act of self-compassion that can lead to greater self-acceptance.

In essence, forgiveness is a healing balm for the soul. It helps us break free from the prison of our own negative emotions, fostering emotional and mental well-being. It empowers us to take charge of our lives, mend relationships, and find a path to inner peace.

By embracing forgiveness, we embark on a transformative journey that ultimately benefits not only ourselves but also those around us. It's a journey toward healing, growth, and the profound realization that letting go of the past can pave the way for a brighter, more compassionate future.

The Transformative Power of Prayer: Finding Inner Peace and Empowerment

In our fast-paced world, the serenity and strength offered by prayer are invaluable. Prayer, a practice transcending boundaries, provides a profound connection to something greater than ourselves.

Imagine a moment of tranquility amidst life's chaos, a sacred space for communion with the Divine. In that stillness, you discover inner peace, akin to a calm sea after a storm. The transformative power of prayer lies in these moments.

Praying to God isn't confined to a specific faith or place; it's an open invitation for anyone seeking solace, guidance, or reflection. It embraces all on their spiritual journey.

In adversity's face, prayer becomes a wellspring of strength. It's unwavering faith that carries you through dark nights, reminding you that you're never alone. With each prayer, you draw upon divine courage to conquer challenges.

This connection to the Divine is a lifeline, a source of unwavering support and solace. It's when you kneel in prayer that you realize you're speaking to a loving presence that listens to your every word.

Prayer is also a gateway to emotional healing. It provides a safe space to release burdens that have weighed you down. In surrendering worries and sorrows, you make room for healing, joy, and purpose.

In gratitude, prayer becomes a melody of thanksgiving. It's a chance to reflect on daily blessings, heightening your appreciation.

Prayer isn't just about seeking answers; it's about finding clarity. When facing life's complexities, prayer often reveals wisdom and guidance. It's a conversation that helps you make purpose-aligned choices.

As you embrace prayer's transformative journey, you discover it's not solitary. It's a thread weaving a community tapestry, uniting kindred spirits in faith.

Prayer is a beacon of hope, a reminder that despite life's turbulence, you're anchored in something greater. It nurtures optimism and faith, propelling you forward.

Prayer cultivates mindfulness and presence, making each moment a sacred offering. It leads to personal growth and spiritual enrichment, guiding you to your highest potential.

Let prayer be your compass, solace, and source of strength. Embrace its transformative power on a journey to inner peace, empowerment, and spiritual fulfillment.

In your heart's whispers, find the profound truth that you're never alone, for you're always in the presence of the Divine.
